Disability and Racial Composition

Persons with a Disability. Statistics gathered on persons with disabilities will be used by entities and committees to formulate programs and policies of the Presbyterian Church (U.S.A.), thus carrying out the mandate for inclusiveness contained in the *Book of Order* (G-3.0103 & F-1.0403).

In order to complete this section, you (as clerk or pastor) are not expected to conduct a survey of the congregation, but to rely on personal knowledge of individuals' disabilities. According to the definition adopted by the World Health Organization, persons with disabilities are those who have physical or mental disabilities that *substantially* limit their participation in one or more of life's activities.

Racial Ethnic Composition of the Church

The 202nd General Assembly (1990) instructed the Office of the General Assembly to gather information regarding Racial Ethnic Composition (*Minutes*, 1990, Part I, p. 282.) Inclusiveness is an important part of the life of the church, “The Presbyterian Church (U.S.A.) shall give full expression to the rich diversity within its membership and shall provide means which will assure a greater inclusiveness leading to wholeness in its emerging life.” (G-4.0403)

This information is used in a variety of ways. Two of the ways in which this information is used is as follows:

- (1) The 208th General Assembly (1996) passed a recommendation that “1. affirms the goal of increasing the racial ethnic membership to 10 percent of the Presbyterian Church (U.S.A.) membership by the year 2005, and to 20 percent by the year 2010;” (*Minutes*, 1996, Part I, p. 378).
- (2) The General Assembly Committee on Representation (COR) uses the data

In making the entries for this category, be guided by how an individual describes themselves. The figure entered as the total for Congregation should be equal to or less than the figure shown for Total Ending Active Membership, on the Membership Page.
